Mr. Ken Coates,
c/o Dr. Quartin Santos,
Ministry of Foreign Affairs,
Largo Do Rilvas,
1300 Lisbon,
Portugal

Dear Mr. Coates,

I have the honour to inform you that I have received your kind invitation, sent by the address of our Ministry of Foreign Affairs, Dr. Quartin Santos, and, here I'm accusing and answer your letter which it contents speak about the right of my brothers (the people of East-Timor) or the rights of my very dear homeland East-Timor which it is continuing to be crushed and smashed by the boots of the bloody, assassin, dictator and, puppet of PRESIDENT SOEHARTO...!!! I'm very grateful for your kindness and consideration towards of the Human Rights Violation in my rejected country, East-Timor.

I accept your invitation with pleasure, but, I will be more grateful if you can help me to solve the problems below :

a) My English is poor...(I can speak Portuguese Language fluently...)! How do you think about it?!

b) I think you can ask for United Nations (Mr. Boutros Gali...) or through European Parliament to make pressure to Indonesian Government to stop arrestings, massacres, and, Human Rights Violation. I'm sure they will make reprisals to my old parents, my two young brothers, my friends in Dili, East-Timor, and, my eldest sister and her husband which are studying in Bali, Indonesia (Foreign Country/Invader's Country).

c) Although you have promised me to pay my travel expenses and hotel accommodation (on a "per diem" basis), one more time I want to remember you that I escape from Indonesian Country to Macau (Portugal) without nothing...!!!

I do very much hope that you will be able to help me in solving all these problems above mentioned, however, if you think it is impossible or a hard work to do, I promise you that I'm ready to give you a positive reply to your kind invitation and look forward to meeting you in due course. I'm sure that I will defend Human Rights, Justice, the rights of the people of East-Timor and Portugal (according and respecting United Nations resolutions we, the people of East-Timor are Portuguese, although or "de facto" Indonesian is continuing there, in my homeland, East-Timor).

Without any other matter, I'm very grateful for your kindness, Mr. Coates, for inviting me on behalf of East-Timorese people which is being exterminated in every fields (cultural, political, social etc...) as in the second world war the "Nazi's" soldiers tried to exterminate the jewish people!!!

Yours sincerely,

Jose Evaristo Madeira Soares

P.S. I'm sorry for writing you in poor English, but, I think it would be better to you to estimate/evaluate my own capacity in writing and speaking your language! I prefer speak in the meeting using Portuguese language, but, all depend on you..., because the important thing to me are defending Human Rights and Justice...! Thanks a lot!
